

Product Information

SafeGard® SAFETY SOLVENT 140°

*High Flash Parts Washer Fluid
General Purpose Cleaning Fluid for Shops and Garages
Mineral Spirits*

DESCRIPTION

SafeGard® Safety Solvent 140° is a high flash point mineral spirits for use in parts washers and general cleaning of automotive and industrial parts and equipment. SafeGard® safety solvent has a high flash point of +140° F making the solvent suitable for many shop cleaning applications where there is no exposure to sparks or open flames.

SafeGard® Safety Solvent 140° has a high natural solvency and easily dissolves grease, gum and varnish. This product is also suitable for a wide variety of non-automotive and industrial applications such as a thinner for non-water based paints and cleaning paint brushes.

APPLICATION

- Parts washers in shops, plants and garages
- Industrial applications where mineral spirits, stoddard solvents, naphthas are required

BENEFITS

- High flash point for shop safety
- Low odor
- Outstanding natural solvency to dissolve oil based residues
